MODEL CLAYVER LUNA

100l-250l-550l

The 'Luna' vessel is the smallest of the Clayver range and the most iconic. It is a perfect circle, with its minimal and always contemporary design, to make your wine cellar futuristic and atmospheric. In this container the convective movements of the wine are naturally favoured. It is practical, easy to clean and easy to move with a pallet truck, thanks also to its stainless steel support. Either the glass lid or the stainless steel lid can be mounted in any case ●
